One ribbon.
Continuous flow.

THREE WORDMARK COLORS

FlowTorrent
Visual identity

Simple. Lightweight. Free.

GRAPHITE

CYAN

ORANGE

A small app. A clear promise.

Identity follows the product: no ads, accounts or unnecessary visual noise.

01

Simple

One familiar action: open a .torrent file and start the download.

02

Lightweight

An airy composition, quiet typography and a single recognizable accent.

03

Free

A free client with an honest, friendly and unforced tone.

The two arrow ends express exchange; one ribbon makes the exchange continuous.

One ribbon, two directions.

The approved silhouette is fixed. Preserve its crossing order.

WARM END

Orange / coral

CONTINUOUS LOOP

A soft, rounded contour

BLUE ALWAYS ON TOP

The color transition stays hidden beneath the front ribbon.

2 arrow ends

1 continuous path

Keep all three.

Equal-status color options. No single primary wordmark color has been selected.

01 / Dark gray

#353535

02 / Orange

#FF8A20

03 / Cyan

#00BFD0

One light color. No gradient.

For dark backgrounds, templates and restricted-color production.

#F5F7FA

Flat fill. No shadows. Transparent overlap separators.

Warm exchange. Cool flow.

Use the supplied SVG for ribbon gradients. HEX values describe the digital sRGB palette.

Cyan

#00BFD0

Orange

#FF8A20

Graphite

#353535

Blue
#00A8EB

Turquoise
#00DCC6

Coral
#FF5149

Gray
#808080

Light
#F5F7FA

Rounded. Calm. Readable.

Nunito supports Latin and Cyrillic. Font files and the SIL OFL license are included.

Nunito

Aa Бб 0123456789

Wordmark

900 / 300

Fixed outlined lettering

Headings

800 / 28-40 pt

Concise and direct

Body

400 / 11-15 pt

Comfortable reading

The raster concept lettering has been standardized as clean Nunito outlines.

Give the flow room.

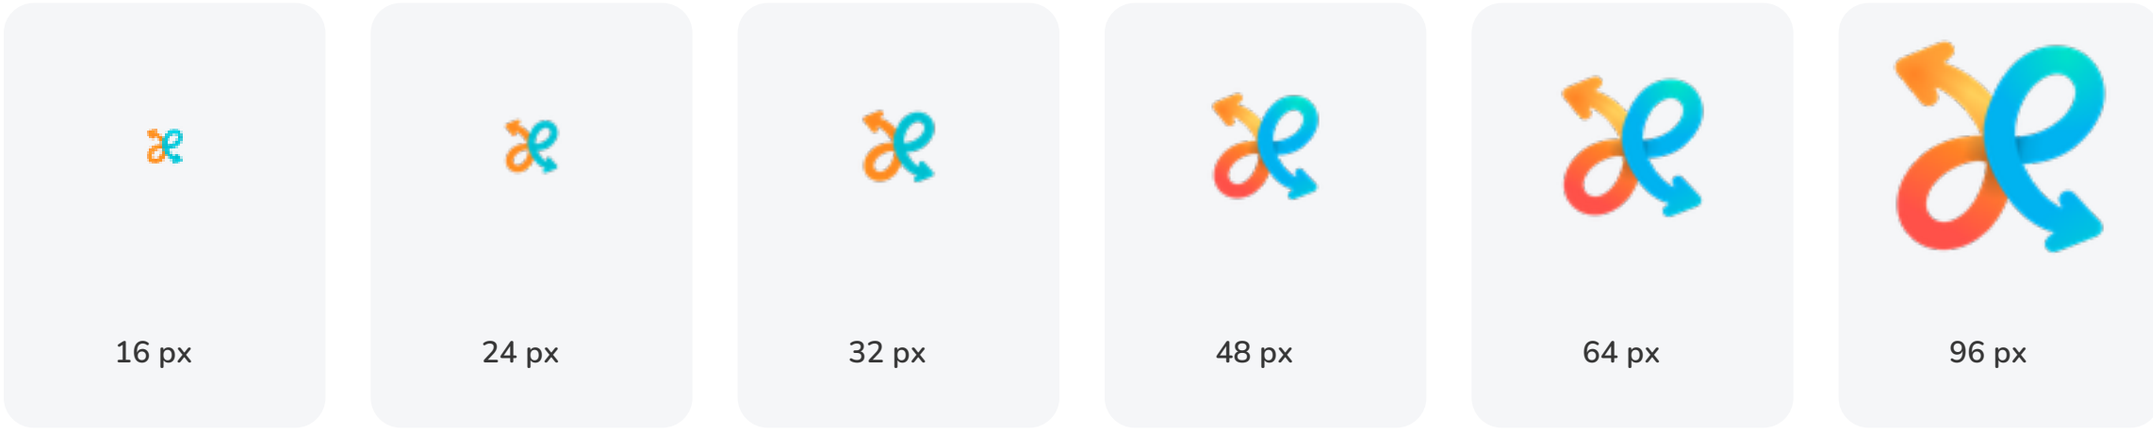

x is the main ribbon width. Keep at least 1x clear space around the visible artwork.

Scale proportionally. Never change symbol-to-wordmark spacing inside the master.

Clarity at every size.

Working minimums below are visual design guidance, not a physical-device certification.

16-32 px / simplified

Two flat accent colors; no small shadows. Use the icon artwork, not a reduced wordmark.

Full lockup / 180 px wide

For smaller spaces,
use the symbol alone.

A quiet background helps.

Choose a version that stays readable and preserves the color character of the symbol.

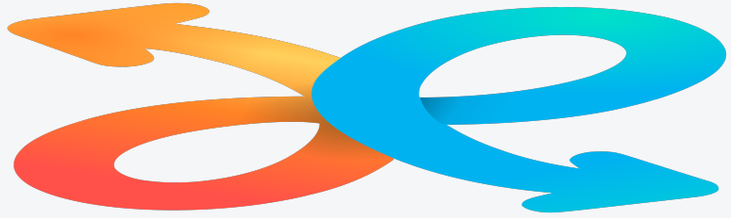

Keep body text dark. Bright cyan and orange are brand accents, not small-text colors.

Protect the single ribbon.

Use supplied masters rather than reconstructing the logo separately in each layout.

✕ **Do not stretch**

✕ **Do not change layering**

✕ **Do not recolor arbitrarily**

✕ **Do not fill the clear space**

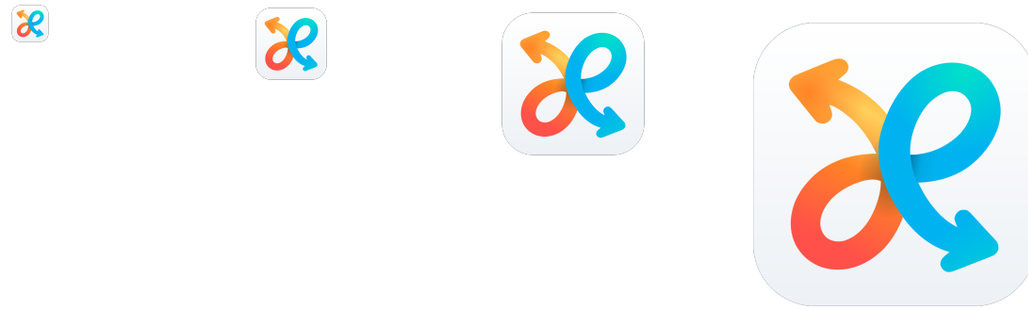

A familiar home in the Dock.

Color symbol on a quiet light plate. No wordmark inside the icon.

FlowTorrent.icns

Classic ICNS for the macOS 14+ desktop package. Includes 16-1024 px representations and the editable SVG source.

Also included: square, unmasked 1024 px artwork for future layered-icon workflows.

Clear on the desktop and taskbar.

A transparent color symbol, with simplified 16-32 px variants.

FlowTorrent.ico

16 / 20 / 24 / 32

40 / 48 / 64 / 96

128 / 256 px

Multi-resolution ICO and separate alpha PNGs.
No lettering or background tile.

Template icons: plain light/dark silhouettes for menu bar and tray.

Everything needed to use it.

The three wordmark colors remain available. No final color choice is implied.

svg/	Three color lockups; color symbol; light and dark flat versions.
png/	High-resolution transparent exports of every master.
icons/	macOS ICNS + iconset; Windows ICO + PNG; template artwork.
fonts/ + licenses/	Nunito family and its SIL Open Font License.
source/	Geometry and build scripts; approved raster references.

Vector files contain paths and gradients, not embedded raster images.

Visual and file checks completed. Finder/Dock/tray installation checks are still required.
